<b>Cooperating School:</b>	Grimsrud Elementary
<b>Student's Email Address:</b>	<a href="mailto:krrichter2@umary.edu">krrichter2@umary.edu</a>
<b>Overall Rating:</b>	Proficient
<b>Reflections:</b>	<p>It is very important to me for the students to learn throughout my lessons that I present. I remain stern yet kind so the students to learn in an appropriate environment. I use assessments that my practicum teacher uses throughout her lessons; this consists of graphic organizers, writing assignments, share outs etc. After teaching these lesson I also reflect on them and work on ways to improve them to the best of my ability.</p>
<b>Overall Rating:</b>	Need Improvement
<b>Reflections:</b>	<p>I focus my lessons around the standards that I am teaching on so they are receiving important information. I used the instructional strategies that my students learn effectively through which consisted of graphic organizers, partner work, individual work, etc. I also strive to challenge students whether they struggle or not.</p>
<b>Overall Rating:</b>	Proficient
<b>Reflections:</b>	<p>I am very professional in the workplace, I contain a relationship with the students but I am also not their friend. It takes time to try and find the fine line between this so I am always working at it. I communicate and plan effectively throughout my experience in the classroom.</p>
